- Text fields can be spell-checked by clicking on the ✓ mark after the field.
- You do not need to complete your application in one sitting – there is a “save and finish later” button at the bottom of the page.
- You can share your in-process application with a colleague at your organization, (or with a program officer at the Endowments, if applicable) by clicking on the “email draft” link in the top right corner. But, do not submit your application if you anticipate revising it after that review. An application cannot be modified after it is submitted.
- Every page offers a link for a printer-friendly version of your application in the top right corner.
- The “Contact Us” button is available on every page for you to send an email question to our grants administrator.
- If you leave your form idle for 30 minutes, you will get a warning. After two hours, you will be automatically logged out of the system and will lose any unsaved information. You can avoid losing your work by saving often.

Our application form supports attachments. Section 5 of the form indicates which attachments are required for submission, and gives instructions on how to upload the documents.

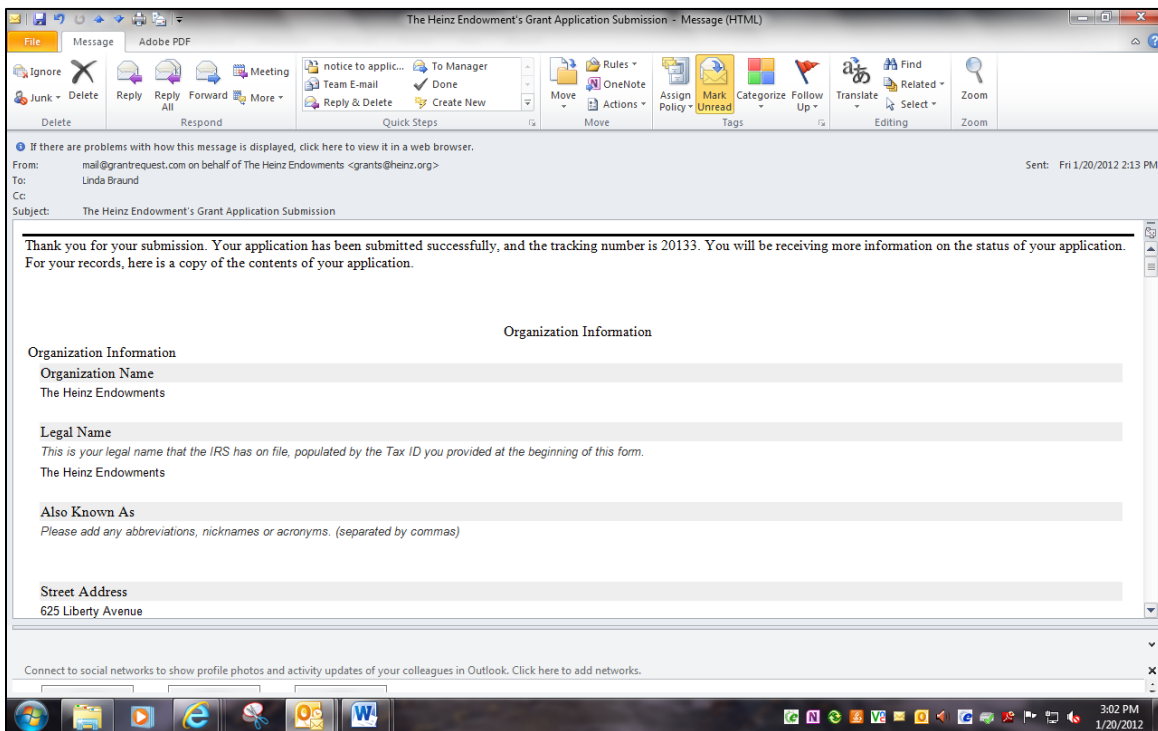

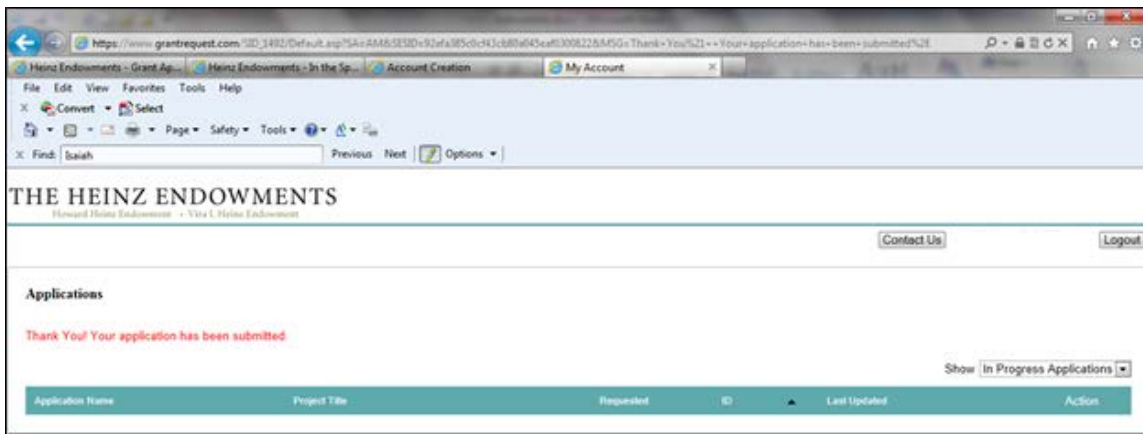

The screenshot shows the "Proposal Attachments" section of the application form. At the top, it says "Required before final submission" with a red ❖ icon. Below this is a text box with instructions: "Please upload the following documents to complete your application. To upload a document, click the Browse button, locate the document on your computer, click Open, then click Upload." The section is divided into three sub-sections, each with a red ❖ icon and an "Upload" button:

- Project Budget**: "Please attach a complete project/program budget with income and expenses. Indicate expenses to be covered by this request." Includes a "Browse..." button.
- Board of Directors**: "Most recent list of board of directors and officers." Includes a "Browse..." button.

After uploading all the documents, click on the “Review” button at the bottom of Section 5.

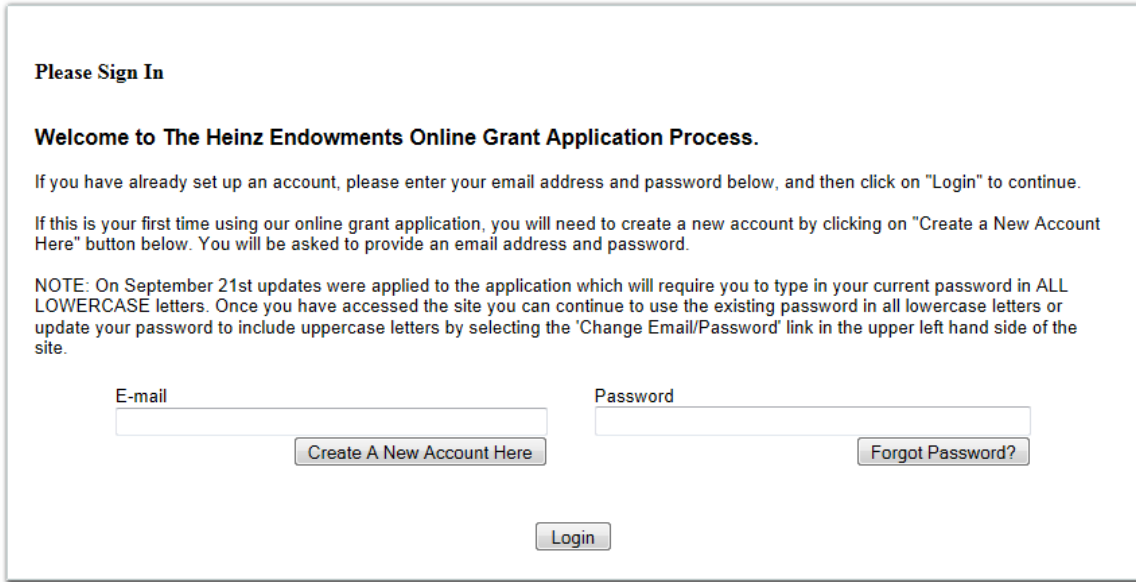

You are now in the final section of the application, “Review my application.” You will see a copy of your application, and if you are missing any required fields or documents, they will be identified in a list at the top of the page and highlighted in the body of the application (in red). You can make any necessary changes right from this screen. When you are satisfied with your application, click “Submit” at the bottom of the page to forward your application for consideration. **Your application is not considered submitted until you click the submit button at the bottom of the page.** If you're not ready to submit your application yet, click Save & Finish Later. **Once an application has been submitted, it may not be modified.**

Once your application has successfully been submitted, you will see a notice on-screen, and you will receive an email from the system containing a tracking number and a copy of your application.
